BRUCE MAUPIN HELD UNDER \$500 BOND

Judge Price Says He Thinks Colored Killing at Brassfield Should Be Investigated

Bruce Maupin, who shot Tom Oldham, also colored, to death at Goodloe chapel near Brassfield last Sunday afternoon was held to the grand jury under \$500 bond by Judge W. K. Price at the negro's examining trial in county court Friday morning. Judge Price said that the evidence was slightly conflicting and that he thought the grand jury should investigate the case further.

Maupin made out a good case of self-defense with several witnesses who testified that Oldham was advancing toward him with a razor. However, a couple of other witnesses said that they saw no razor or knife in Oldham's hand or nearby after he had fallen to the ground.

County Attorney O. P. Jackson conducted the prosecution with Attorney A. R. Burnam, Jr., defending Maupin. All of the witnesses were colored. Willie Brooks, the first witness for the prosecution, did not see the trouble before the shooting but looked around when he heard the first shot and saw Oldham sinking down on his knees. He went to him and laid him down but saw no razor or weapon near him. Matthew Baxter said that he saw Maupin talking to three women and two men. The women ran when they saw Oldham come up, he said. He said Oldham had what looked like a knife in his hand, but after he was shot and down Baxter said he saw no knife. He said the women Maupin was talking to were Oldham's wife and her sister and Stella Maupin.

James Bennett heard no words between the men. He heard Oldham say to Maupin after he was shot: "That's all right, Bruce." He saw no weapon near Oldham. There was a big crowd around him after he was shot.

Maupin told the same story of the affair when he was put on the stand, that he did when first arrested. He said that Oldham came up to him, holding a razor in his right hand, and threatened to kill him and he then shot. He said he bought the pistol a week before for \$5 from a white man he didn't know. He said that his brother Andy Maupin had told him that Oldham had threatened to kill him because he thought he was too friendly with his wife, but he said this was not so. He said he took the pistol to church with him because he thought Oldham would be there and he did not know what might happen. He said he was not talking to Oldham's wife at the time the latter came up and threatened to kill him.

Dillard Todd, who was standing in the crowd talking to Maupin when Oldham came up, said that Oldham said to Maupin: "Didn't I tell you to stay out of my old lady's face? I'll cut your head off." He said that Oldham had a razor in his hand, and Maupin stepped back and shot him.

Susie Maupin said that she and the other woman left just before Oldham came to the crowd, and they did not see the shooting.

Lee Todd said that he came up to Oldham after he was shot and saw a black-handled razor on the ground. He did not know what had become of it.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

SAYS PACKERS WILL CONTROL FOODSTUFFS

(By Associated Press) Washington, July 11—Approaching packer domination of all important foods in the United States and an international control of meat products with foreign companies, seems a certainty unless fundamental action is taken to prevent it, the Federal Trade Commission declared today in part one of its report to President Wilson on the extent of the growth of the power of the five packers in meat and other industries declaring the history of the packers' growth is interwoven with illegal combination, rebates undisclosed, and control of corporations. The report urged the importance of full publicity of corporate ownership of all industries.

Swift Strongly Resents It
Chicago, July 11—Louis Swift, president of Swift & Company, denied the charges against the big packers in the Federal Trade Commission report. He said it is merely an attack upon large, successful business organizations, should be resented by all Americans proud of the nation's industrial progress.

LITTLEJOHN SHOWS COME NEXT WEEK

The famous Col. Littlejohn, one of the most successful carnival men in the county, came to Richmond Thursday and arranged to bring his shows here next week. He will exhibit at the Deatherage pasture on the Red House road, and says that he has the finest collection of shows and fun-makers that he has ever brought to this section. He has been showing for the Red Men at Frankfort, and played to capacity crowds. He has Pasqual's Royal Italian band, Eskew's Wild West and Congress of Rough Riders, the Big Jubilee Minstrels, the Midget Theatre, a big Eli Ferris wheel and the latest airplane merry-go-round, which is said to have them all backed off the boards and to be the most popular device of the kind yet invented. The Trip to Mars he carries as usual. Col. Littlejohn is endeavoring to arrange for a band concert in town each day which is always a pleasing feature to everyone.

BEN HURST GETS BIG ORDERS AT PINEVILLE

Ben F. Hurst, local plumber, attended the letting of contracts for Bell county's new court house at Pineville Thursday. Mr. Hurst obtained orders to furnish a large part of the plumbing material, in fact the largest order that he has ever handled, and his many friends are complimenting him on his enterprise in going after a job of this magnitude. The contract for the work on the courthouse exclusive of heating and plumbing was awarded to the Moraw Company, of Chicago, at its bid of \$96,371. The heating contract in which Mr. Hurst is interested went to J. G. Cotterell, of Pineville, at \$4,840, and the plumbing went to Burnett Brothers, of Middlesboro, for \$2,500. A. L. Swanson, of Evansville, Ind., got the wiring and electricity contract at \$2,280. The contract calls for the new building to be complete by August 20, 1920.

Grant Countain Killed By Train
John S. Steers was instantly killed by a passenger train at Dry Ridge, Grant county at a grade crossing of the Dixie Highway. He was driving a small car, which was hurled many feet. Steers' body was picked up a hundred feet away. Steers was twice elected to the Legislature from Grant county. He was cashier of the Farmer's Bank of Equity at Dry Ridge, and for a number of years was a primitive Baptist preacher and insurance man, and formerly managed a hotel at Dry Ridge. He was 53 years old.

Will Spend A Lot of Money
(By Associated Press) Washington, July 11—The President still had before him today the appropriation bills passed recently by Congress. It seemed doubtful if any will be signed this week. The President is understood to feel that the measures carrying appropriations upward of two billion dollars deserved deserved deliberate consideration.

Weekly Health Talks A WORD ABOUT THE KIDNEYS

BY DOCTOR WATSON.

People are easily frightened when they think something is the matter with their lungs or heart, and well they may be; but few people understand the dangers of diseased kidneys. These organs have a duty of vital importance to perform, and if they are diseased, there is no telling how or where the symptoms may appear. The kidneys are filters, and when they are healthy they remove the poisons from the blood and purify it. When the kidneys are diseased, the poisons are spread everywhere, and one of these poisons is uric acid. The uric acid is carried all through the system and deposited in various places, in the form of urate salts—in the feet, ankles, wrists and back—often forming bags under the eyes. Sometimes the resulting trouble is called rheumatism, lumbago, sciatica and backache. Finally, come stone in the bladder, diabetes and Bright's disease.

Dr. Pierce, of Buffalo, N. Y., in recent years, discovered that a certain combination of remedies would dissolve uric acid (urate salts) in the system. He found this combination to be harmless, so that he made it up in tablets, of double strength, and called them Anurio Tablets. They dissolve uric acid in the human system as hot coffee dissolves sugar. If you have uric acid troubles, don't delay in taking Anurio Tablets, which can be secured in the drug stores. You can write Dr. Pierce, too, and he will tell you what to eat and how to live so that more uric acid will not form in your system. Dr. Pierce will not charge for this advice.

AT CHAUTAUQUA

Tomorrow night the big American farce comedy success, "It Pays to Advertise," will hold the boards at the Chautauqua. This production with an excellent cast and compares very favorably with the company who presented this show at Lexington last year, where the scale of prices was \$2. Tonight Bohumir Kryl and his band will undoubtedly win a warm reception from the Chautauqua fans of Richmond. No other musician has endeared himself to the Richmond people as has Mr. Kryl. In conjunction with his concert tonight, Mr. Kryl will present the big spectacular "War, Victory and Peace." Mr. Kryl has provided a special musical setting for this.

Tomorrow in the afternoon, Miss Mayme Rose Lauler will lecture on "The Spirit of the Women of France." Miss Lauler was for fourteen months held a prisoner by the Germans and after securing her release came to this country and lectured under the auspices of the French High Commission. She has but recently returned from a visit to her native France, and a portion of her lecture tomorrow deals with the actual conditions of France today.

DEBATE ON BIG QUESTION

The question of government ownership of railroads was debated at the Chautauqua last night. As this is one of the vital governmental questions that faces the nation today, a goodly crowd was out to hear both sides of the question presented by able speakers. Former Secretary of the Treasury Leslie M. Shaw opposed it while Dr. Charles Zueblin, of Boston, favors it. Each was liberally applauded at the conclusion of his address and rejoinder. Gov. Shaw seemed to get the most applause. He discussed the matter mainly from the standpoint of dollars and cents and economics and efficiency of management and operation, while Dr. Zueblin argued from the standpoint of dollars and cents people. He said that the government's control during war times was no test whatever of the practicability of the plan he favors, for the government does not own the railroads and is greatly handicapped in many ways in its operation of them.

RESULTS THAT REMAIN

Are Appreciated by Richmond People.

Thousands that suffer from back-ache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one kidney medicine that has earned a reputation for lasting results and there is plenty of proof of its merit right here in Richmond.

Here is the testimony of one who used Doan's Kidney Pills years ago, and now makes her testimony even stronger.

Mrs. W. T. Edwards, 308 Edwards Ave., Richmond, says: "I had weak kidneys and backache until I got Doan's Kidney Pills at Middleton's Drug Store and they made me feel fine."

OVER FOUR YEARS LATER
Mrs. Edwards said, "Doan's Kidney Pills made a permanent cure for me."

WILSON TO TAKE UP MEXICAN PROBLEM

President Visits State Department To Consider Troubles—Polk To Succeed Lansing

(By Associated Press) Washington, July 11—The President made an unexpected call on Acting Secretary of State Polk today. He carried a number of papers and it is understood the Mexican question is among the first he wished to consider in an earnest conversation of an hour. Polk is to succeed Lansing on the American Peace Delegation at Paris, and it is understood the President acquainted him with the situation there. Wilson then visited Secretary Daniels' office for a conference with the head of the Navy Department. Many state, war and navy department employees, out for lunch, applauded the President.

Can Resume Business With Huns

Washington, July 11—Trade between the United States and Germany will be resumed immediately, Acting Secretary Polk, of the State Department, announced today. He said blanket licenses, excepting dyes, chemicals and potash, control over which will be exercised by the reparations commission, will be issued. He promised a formal announcement in 48 hours.

R. R. CONDUCTOR WELL SATISFIED

Jackson Says He'll Guarantee Trutona To Relieve Run Down Condition

Louisville, Ky., July 10—Jackson, a passenger conductor in the employ of the Pennsylvania Railroad for many years, who lives at 220 North Eighteenth street, Louisville, enthusiastically tells how he gained relief after eleven years suffering. He said recently:

"I desire to express my appreciation of the wonderful merit of your medicine, Trutona. After taking Trutona for two weeks, I feel like a new man. I had been suffering from neuritis and general debility for eleven years. I eat heartily now, and sleep, which for several years was virtually a stranger to me, comes easy now."

"I can recommend Trutona to anyone suffering from a run down system and I would not hesitate to guarantee it to restore them to their health."

Mr. Jackson's case is now an exceptional one but is typical of the remarkable work Trutona is doing in thousands of cases throughout Kentucky. The perfect tonic has proven to be unsurpassed in the treatment of stomach, bowel and liver troubles, nervousness and the like.

Trutona is now being introduced and explained in Richmond at H. L. Perry & Son's. 1t

Turkey is to be divided up according to the publication in Paris of the few days ago.

Summer Complaint Quickly Relieved.

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. INCREASE IN WHEAT CROP IN KENTUCKY

No day is long enough for the farmers at this busy season of the year with everything coming at once, says the State Department of agriculture's monthly crop report for June. Labor shortage is acute. Wet weather during May delayed seasonable planting so that some planting is yet being done, corn and tobacco need cultivating, hay harvest is on hand, wheat harvest is nearing completion with only about 17 per cent of crop wheat on July 1st. Some wheat is reported as sprouting in shock. But little threshing of wheat has been done however, early estimates on yield would indicate an average of 149 bushels per acre which is an increase over last year's early estimates. This would give a prospective production of over fifteen million bushels this year in Kentucky. Progress of growth of corn is good. It is needing cultivation however. Condition shows at 80 per cent. Conditions of oat shows at 88 per cent with a preliminary estimated yield of 24 bushels per acre as compared

OFFICIAL HUNTED COAL CONTRACTS

In his report on the investigation of the Institute for care of feeble-minded children at Frankfort at the request of Gov. Black, State Inspector and Examiner Henry F. Turner exonerates Supt. G. W. Armes and the State Board of Control, who were criticized by the Franklin county grand jury at the last term of court, and said that if the grand jury had heard the testimony of employees not prejudiced against Dr. Armes he believes the finding would have been different. The grand jury referred to agree quantity of coal purchased for the institution which could not be burned. With regard to the coal, Mr. Turner said it was contracted for by the old Board of Control, of which J. Forrest Butts, of Carrollton and John A. Burton, of Lebanon, of the present board, were members.

"The contract was made with the Big Hollow Coal Company through the efforts and influence of Tom Hatcher, of Pikeville, then a member of the Prison Commission and now a member of the Board of Control," he said.

"Later on the Board of Control through the efforts and influence of Nat B. Sewell, the State Inspector and Examiner, bought some coal from the East Kentucky Coal Company. Some little friction arose between Mr. Sewell and Mr. Hatcher in regard to furnishing coal to this institution. This matter was brought to the attention of Gov. Stanley in February, 1918, thru the chairman of the Board of Control, and it was promptly agreed that neither party holding a State office should be interested in selling coal to a State institution and all contracts therefore existing were cancelled.

"Some of this coal, he said, was bad. During the winter of 1918-19, he said, owing to the shortage of coal, fence posts and other wood was burned to keep the inmates warm. The present contract as to the Hatfield Coal Company of West Virginia, and Mr. Hatcher made affidavit that he is not interested in it.

Summer Complaint In Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose." July.

Mixed Summer Foods The Cause Of Much Indigestion

SUMMER days are days of careless living, kitchens too hot for cooking, cold lunches at the homes of friends, open-air picnics, with the result that many a family is down with indigestion.

Give the stomach and bowels a new start by taking a dose of a good laxative- tonic like Dr. Caldwell's Syrup Pepsin. Then put variety into your diet by eating more warm food. It is more easily digested.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size. It acts so gently and safely that it can be given even to a baby in constipation, indigestion, "summer colds" and similar ills. The formula on which Syrup Pepsin

is based was written by Dr. Caldwell over 30 years ago. It is a combination of simple laxative herbs with pepsin that trains the stomach-muscles to do their work naturally so that medicines can again be dispensed with. Over 6 million bottles of Syrup Pepsin are sold by druggists every year. That is recommendation in itself.

If you have never used Syrup Pepsin, send your address for a free trial bottle to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for Woman's Ills.

New Haven, Conn.—“For two years I suffered with a female weakness, pain in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased.”
—Mrs. CHARLES E. MORGAN, 37 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

Blackberries Selling High

The blackberry crop for this year is reported as very plentiful, although the price is very high according to those who have purchased from the first pickers who arrived in the city. The price asked ranged from 40 to 60 cents per gallon, or \$1.20 to \$1.50 per bushel delivered in the city. The berries are of a much larger quality than those for the past few years and while they have just begun to be placed on the market, are very plentiful, the demand being very largely due to scarcity of other fruits this year.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Loss of Appetite

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always

elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it. July.

230 Acres

Lincoln County Land

AT

AUCTION

Wednesday, July 16th

10 O'CLOCK

I will sell to the highest bidder the first class highly productive farm of S. B. Sanders and W. S. Carrier on the Rush Branch pike, near Hubble, 5 miles from Stanford, 6 miles from Lancaster, 7 miles from Danville.

The best location ever. Accessible to three markets. Farmers in this neighborhood always gets a better price for stock and farm products by reason of the competition of buyers from three county seats. Make inquiry of these farmers and you will find this is true.

The land is very fertile, level and rolling, long frontage on pike. Will be subdivided and "SOLD" in several tracts from 25 to 100 acres in each tract. Look it over before day of sale and we will "bunch" two or more tracts if you want to buy it that way.

Main dwelling, 5 rooms, porches, etc., one 3-room tenant house, one 5-room tenant house, 2 stock barns, 3 new tobacco barns.

35 acres in corn
20 acres in tobacco
40 acres in wheat stubble
10 acres rye and grass

20 acres orchard grass and clover
110 acres blue grass
Everlasting water.

See this farm before you buy. In the BEST neighborhood in Kentucky. Close to school and churches. Most centrally located. Sale made to dissolve partnership. What is the use of further description? "My goods are on the counter." Look them over. Attend this sale and get one of the bargains in land. This will be a money maker for some one. Possession January 1, 1920. Easy Terms.
